While I was being elected, the leader of the House, Shri Vishwanath Pratap Singh and the Prime Minister said that I should use my charms, influence and not violence to win over the hearts of the opposition, this was with reference to my research which I had done. So, Sir, I do not know whether I fully succeeded in my duty in winning their hearts, but I definitely won their cooperation. Mr. Advani mentioned that for my election which was held on the 25th of January, 1985, the Opposition Party disassociated with it and they mentioned that they did not mean anything against me but with the system but I must say that they did not disassociate themselves in giving all their cooperation in running this House and Sir, you know, it includes all members, stalwarts, leaders on the opposition side. Any time when I had any problem, sometimes we used to run the house faster. On some important Bills, we used to give less time. while sometimes, for unimportant Bills, we used give more time. This some of them may not understand, but Keshari Ji, being the Parliamentary Affairs Minister as efficient as he is, knows that what that we own the House. Sometimes we had to depend on the other House to send us a few things. So, these are the secrets which I can talk about now. Sir, in these five days less than one year, when I presided over as the Deputy Chairman, there were 561 hours and 34 minutes we worked and we passed as much as 104 Bills and 444 Special Mentions and within this time, it could not have been done but for the utmost cooperation from the members of my party, which I can say now and because of the cooperation of the opposition, which also I can say now, but while I was sitting in the Chair, could only see my left and my right and my front. I had also the cooperation of eloquent and exuberant members like Mr. Suresh Kalmadi, who once said very jokingly that our tongue and our hands are both cut by putting you in the Chair and Margaret over there. But I hope that as Margaret has left and I have come down, please do not get another tongue and a couple of more hands. I had some of the very lighter moments in the House which I remember such as our Law Minister, Mr. Ashok Sen who once said that in the other House, he forgets sometimes and call the Speaker as my Lord. Now, I won't be in the Chair to give him the opportunity to call me "my Lady." But feel and hope that whoever person will take the Chair, I know and hope the same cooperation Members will give, and I will also extend my cooperation. Thank you.
